Are you an animal lover, who, at the moment, is looking for the perfect lot that is for sale in Bacolod City? Do you have a pet dog or cat, or some other pet whom you dearly love and whom you would like to live in a community that will just be perfect for them? Then you've come to the right place because Oasis Subdivision is a community that is very much suitable for animal lovers. If you have a pet dog like a Labrador, German Shepherd, Doberman, or a Rottweiler, whom you take for a stroll every morning, afternoon or evening, then Oasis is just right for you.

The subdivision sits on a huge tract of land, giving homeowners a truly expansive area. The roads are wide enough, with the main roads measuring 10-meters, and the minor roads measuring 8-meters. These roads are well-paved, allowing you to roam around the subdivision without any qualms in relation to how good the terrain is.

You can freely walk your pet at any time that is convenient for you. If your main concern is security, there is nothing to worry about because the security in the subdivision is really good and they always keep a close watch on everyone who enters and exits the subdivision.

There are grassy areas in the subdivision so if you want to play with your dog, you can do so. You can make use of the basketball court if you just want to have a short run with your dog. In fact, if you would aim to run with your dog all over the subdivision, you will find out that you will get fit in no time.

So if you are among the many animal lovers out there, and you are still trying to figure out which lot for sale in Bacolod you will be purchasing, then paying Oasis Subdivision a visit will be worth it.
