

If you are among the individuals who are still trying to look for the perfect house and lot for sale in Bacolod City, then better try visiting Oasis Subdivision. This is probably one of the finest communities that you will find in the City of Smiles. This is where you will be able to enjoy the best things in life. Once you were able to pay this subdivision a visit, you will then find out why more and more people are moving to this classic haven in the heart of the city.

Oasis Subdivision is a classy subdivision that is located in Brgy. Mansilingan Bacolod City. This was established on approximately 17.5 hectares of land to cater to a lot of consumers and provide them with lovely homes but at very reasonable prices. In fact, for those who will simply pass by Oasis, without really knowing how much the cost of the houses is, they would

immediately assume that this subdivision in Bacolod City is meant for those who belong to the upper echelons of society, when in fact, it is for everybody.

Think about this, where else can you find a two-storey house sitting on more than one hundred square meters of land, having three bedrooms, a terrace, and two bathrooms, with a cost not even reaching three million pesos? It's only in Oasis.

The subdivision actually offers various house models that you can choose from. If you are not so fond of two-storey houses and you only wanted to live in a bungalow type house, but one that is built with quality and affordability in mind, then you can go for Elena, Teresa, and Carolina house models. These are dainty homes that could cater to the needs of a bachelor, or of those who are simply starting to have families of their own.

If you are the type of person who would like to have a two-storey home, then you can go for the other house models – Martha, Rebecca and Olivia. The first one has the least floor area and the last one has the biggest floor area. Any of these three will be perfect for you. You can always request a site visit from the DPRC office if you want to take a look at the model houses. That way, you will be able to choose the house that you feel will be perfect for you and your family.
