So you have been looking for a nice Bacolod house and lot for sale but you can't seem to find one that fits your taste? If this is the case, then you might want to visit the offices of the Dynamic Properties and Realty Corporation at 6th Lacson Street in Bacolod City and request their staff to tour you around their premier residential development, the Oasis Subdivision in Mansilingan. For sure, your thirst for a true family home, where your kids can safely live and play, will definitely be slaked.

What makes Oasis Subdivision tick?

Perhaps the most appealing feature of Oasis is its good neighborhood. This residential development has an aura of rustic charm and warm ambiance that you will definitely love. DPRC, its developer and owner, has taken the extra mile of ensuring that each and every section of this beautiful place would bring peace and harmony to the owners, to the point that the company would oftentimes play matchmaker between you, the buyer, and the property, so that everything will just be like what you wanted in a house and lot. The result is a subdivision full of happy families, eager to welcome and help new homeowners settle in their recently acquired properties.

themselves are good shepherds of their own families. This is why they can fully understand the needs of every prospective homebuyer.

Needless to say, the DPRC officers and staff believe that every transaction does not end with the consummation of the sale of the property. This is why they try to help in any way they can, from introducing you to your neighbors and helping you settle down in your new home. The friendly and affirmative vibes displayed, not only by the officers and staff of DPRC, but also your new neighbors will definitely impact you in a truly positive manner, a feeling which surely will be passing on to all members of your family, resulting in a good sense of well-being and joy. As you definitely know, a happy person produces good results.
