From the time that Oasis Subdivision Bacolod City was developed, it has not stopped attracting prospective homeowners. Why? There are actually myriads of reasons. While the subdivision can literally elicit oohs and aahs from potential buyers, and from anybody who gets to see and enter the subdivision, it actually gives actual homeowners that feeling of contentment. You will certainly feel satisfied and gratified at having made a good choice the moment you get to live in Oasis.

In fact, many homeowners have expressed profound admiration and have no qualms about conveying to DPRC that they were and continue to be very happy with their homes.

See what they have to say below:

"Simple people like us have simple dreams, and acquiring as what we call home means really something and probably the best thing that had happened to us."
