The Dynamic Properties and Realty Corporation (DPRC) team in Bacolod is composed of reliable and competent professionals who provide unparalleled service to customers.

With a dynamic OIC in the person of Mr. Rex De Asis, DPRC is set to become one of the best real estate developers, not only in Bacolod City, but also in neighboring towns and provinces. The manner by which Oasis Subdivision was developed attests to this fact. And now, DPRC shall once more prove its worth by developing the world-class commercial-residential Cadiz Economic Center in Cadiz City.
